1868 I have 4 gauges fixed 1 at Huddersfield 400 ft + 1 L

These are by R. & L and
are taken monthly

Multham	925
Harden Prop	1200
Wharfedale Prop	1100

I think the fall of rain the year ought to commence on 1st Oct. & end on 30th of Sept. The three last months though generally wet have no effect on the dry season of that year but fill the underground reservoirs for the following year.
