Imp. S.W.R. M. P. 7.7.52. No change of site since a few years before 1939. Found full away in 1:30 slope, 15 yds to gauge to level 150 ft. No alteration till since departmental friction includes use of museum grounds 2-100 yds away, which would do admirably.

1957 Inspected by Mr. H.E. Foster. 17.6.57 No change of site, exposure satisfactory in 30'x20' enclosure with 4' iron railing fence. Gauge in v. good condition. Rim of measure broken, but serviceable.

Coastal N. 6. alongside, new, installed late in 1956.

Imp. S.W.R. 16. 6/2/58 satisfactory.
