TOTALS -		22.53	12.91								

Misstatements of Met Soc

1841 - The above values are from Met. Met. Soc., Mr. Fallows reports total = 22.01

1841 The June entry of "2.55" is not rain at all, it is the mean pressure of the wind - the amount of rain was not sent to the Met. Soc. that month -

1842 Met. of Met Soc.
