TOTALS	56.36	52.08	38.15	(49.92)	56.00	NR.	NR.				

1934 low np. Record is approx 8" too low.

1935 Mar. Apr. July & Aug. There is reason to believe that some rainfall has been included in following months in each case.

1937. No record for 1936 forwarded as record too irregular & unreliable.

1938. Record terminated as observations are very irregular (see Encl. 17A in file).
