1957. Gasp. by F.B. Gasson, Esq., 16/8/57. Site changed 1955 immediately after last gage's site - exposure poor. No. object - screen 5' high at 6' 18" or other objects around gauge at critical ratios. Old site preferable to this - observer willing to adjust him - site rain gauge protect from house. Mr. Gasson will help if necessary.

1957. Recommendations carried out. 27.10.57
