1451. Gauge in 9' High 25' N, then 35' High 45' N-N-E, then 44' High 10' E, 5' High

1953. Prime

1957. Insp. Mr. H. D. Holgate 11.9. Recommended gauge be fixed firmly by packing earth tighter round base; 3 trees in churchyard N-W-N-E of screen gauge causing oversight; if possible it would be better to have them lopped by about 7ft. They had not grown much since 1953 inspection. No better site available.

Position of Station on Ordnance One-Inch map: No. of Map..... National Grid Reference 34/268742
