3.4.1955. New site unimproved, wind proof, used for production of cut flowers. Move from Puddletown home nursery to main field of land.

29.4.55 Site altered, change of site name but not of number.

1915. Ceased.

1958. It has been decided that this stn. is more appropriately a continuation of S/N 406 which ceased in 1944 when enemy action destroyed equipment. The record for May '55 onwards has now been given S/N 406/1 - see new sheet - the old site at Swanley was 22' lower than this new site. Y.S. 6/58.
