December	1.35	.90	.65	6.39	3.86	2.85						
TOTALS	29.12	32.31	21.35	27.00	33.94	34.16	imp.					

Inspected 11/34 - (A) Gauge should be moved 2ft nearer house and set up with rim 1ft above ground.
 (B) Limb should be lowered to south & set to ensure it not being above rim within
 5ft. of gauge. Re large number of rain days this is probably due to so generous
 counting of .005in as 0.01in.

Gauge moved to site selected 9/12/34

1937. Mr. Hawke moved to new house at Dagwell, Herts at end of Feb. 1937, where new rainfall
 record will commence in due course.
