wrong. wrong

- 1900 August & September gauge tampered with
 1901 * Gauge moved to avoid interference
 1903 The amounts for some months appear impossibly small but correspondence failed to explain
 1904 Gauge in bad order the figures in brackets are computed

Sited by G. J. S.

Inspector 19.11.01. H.S.W. On gently sloping moor. A good site, exposed to S, but

not widely.

* New Site 1 mile S. of old site, on open moor. A better position but not
 widely exposed. g. 50 paces SW of straight line from end of fence running up
 between Nantling and Cornedd. Selected by H.S.W.
