70

Lat. _____ Lon. _____ County of *Yorkshire N.R.*
 Rain Gauge, by _____ Observer *Rev F.N. Stow*

Diameter....						3						
Height						1.0						
Altitude....												
Year	1870	1871	1872	1873	1874	1875	1876	1877	1878	1879	MEANS.	
January						884						
February....						76						
March						100						
April						198						
May						42.77 9.72						
June												
July.....												
August						42.77 17.60						
September ..												
October												
November ..						17.60						
December ..						3.00	4					
TOTALS ..						4290?						

1875 Observer died in April; observations taken daily till the end of March. The amounts from May to the end of the year were measured by Mr Stow & he notes "I fear the water was carelessly bottled or some spilt - still it may be right. The rather confined position of the gauge may have affected the total."

Gauge destroyed by tourists
