November....	10.90	4.66										
December	.76	8.38										
TOTALS	51.88	50.42										

The 1890 return was not printed as its great excess over other returns appeared to prove its inaccuracy. Correspondence failed to suggest any source of error, except possibly trifling misplashing, the circular rim being only $2\frac{1}{2}$ inches above a square metal plate.
