1865 *Max 9th Oct = 2.408*

1868 I was absent from home from Aug¹ 3rd to Sept¹ 3rd and rainfall was registered during this time but I infer none fell as I see my first entry after my return was on 18th Sept when only .01 is registered

1869 We have had more than the usual amount of high wind particularly in the last quarter of the year
