TOTALS.....				34.02	33.27	32.61	30.76	37.86	28.28	33.53	

1875 Gauge slightly sheltered by bushes

1876 The gauge is placed 3ft. 7in. above ground to bring it to a level with the ground a few ft. off from trees & slope I have no really good place My gauge catches too little with some winds, but is nearly right with S.W. which is most important."

80
