1865 & rather too much sheltered, but is to be moved farther from the house which shelters it from the SSW

1867 A most extraordinary summer for heat & drought from the 30th of May to the 15th of August there was only .75 of rain, and that with a temperature on 37th out of the 68 of 76°
7th 19 at 80° and on 9th at 85° and 2 above 90. What we should have done but for the 5 on 29th of May I do not know P H

1869 From 22nd of June to 26th July we had only 0.10 of rain the last 17 days in Aug. and first three in Sept. we had only
