Inspr. D. Glasspool 81/12.7.52. Checks in other case. Tower can make checking. Exp. not good. Measurement to S.W. Normal turf wall & second wind break needed at height of 9' 6" but it is doubtful if results will be satisfactory. (See above)

Inspr. H. Korman 7/53. Satisfactory

Inspr. D. Glasspool 6/54. Not considered to be satisfactory exposure unless outer fence were built up to form a gentle slope. Alternative site suggested, 62 yds further to S.W. on flatter ground & with normal turf wall. Gauge found correct.

60004

2 turf wall
